Professional Summary

Brings over two years of experience as an Accounting Assistant in the cleaning and facilities services industry, where I gained strong skills in financial record management, invoicing, and client account reconciliation. I am recognized for my ability to maintain accuracy, organization, and attention to detail while supporting decision-making through clear financial reporting. In addition, I have seven years of experience as a Registered Nurse, including three years specializing in supporting and advising patients' families with empathy and effective communication. This unique combination of financial, organizational, and interpersonal skills enables me to adapt quickly and perform effectively in diverse professional settings.

Key Skills

Assertive communication | Empathy | Organized | Team Leadership | Problem solving and conflict resolution | Fast learner | Attention to detail | Financial reporting | Invoicing and reconciliation

Work Experience
